¹⁾ Certificate of the vocational "baccalauréat". The "baccalauréat" (commonly called the bac) is taken at a "lycée" (roughly equivalent to a sixth form college in the UK) at the age of 18 or 19 and is an automatic entrance qualification to a French university. A major feature of the vocational "baccalauréat" course is that students spend a quarter of their time training in industry.

As duly appointed and sworn translator for the English language by the President of the Regional Court of Stendal, I certify that the foregoing is, to the best of my knowledge and belief, a true and correct translation of the French document presented to me.

Place: Salzwedel (Germany), Date: 27 October 2008 Signature: Christine Knospe
